

NIC-CENTRE OF EXCELLENCE ON MICROSERVICES - KOCHI

Technology Update Session

'Microservices - an Overview'

Shri. Sunil Kumar A R, Scientist E and Smt. Asha Nair, Scientist E from NIC-CEM Kochi handled the technology update session '**Microservices - an Overview**', arranged by NIC Karnataka for the benefits of Officers from Karnataka State Centre and District Centres on 15th September 2021 through Bharat VC. Smt. R Gayatri, Scientist-F, NIC-Karnataka welcomed the NIC-CEM Team and all participants. Shri. Peter Francis Thambusamy A, DDG & Head, NIC-CEM Kochi delivered the inaugural address. Ninety Officers including selected officers from NIC Kerala State Centre participated in the programme through Active & Passive modes.

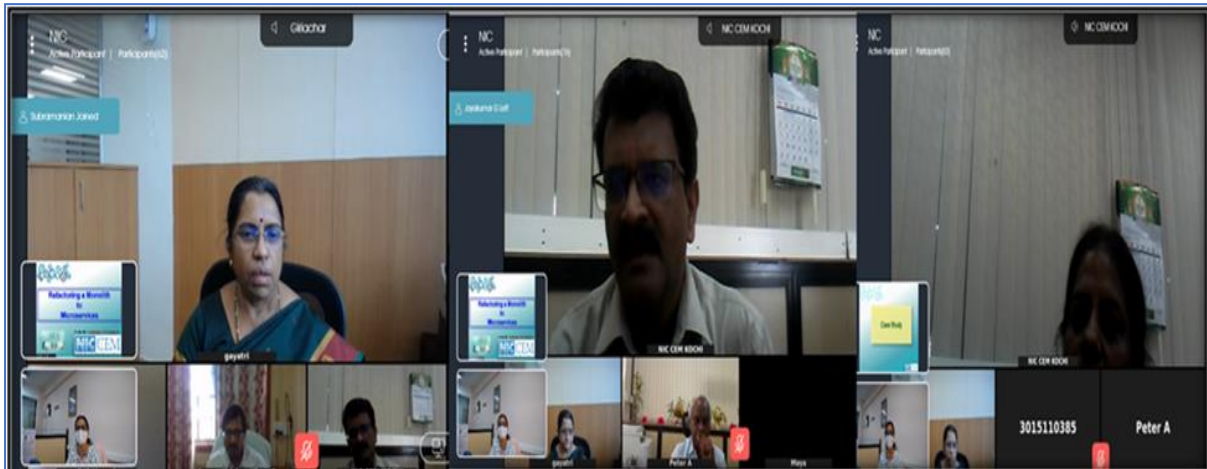

Photo: Shri. Peter Francis Thambusamy A, DDG & Head (NIC-CEM) delivering inaugural address.

The session included introduction to Microservices, Refactoring Monolith to Microservices and a case study on Identification of Services.

The programme concluded with a Question & Answer Session followed by vote of thanks from Smt. Parvathi Devi P, Scientist-F & Training Coordinator, NIC-CEM Kochi.

Glimpses of the Event:

Why Microservices?

- More generalised in nature
- Single registration multiple services
- Single responsibility Principle
